

# WNFC Summer Party July 2016

Longraigue House was the venue for WNFC Summer Party on the 17<sup>th</sup> July. 20 People turned up with John and Carol Gibbon starting off the evening with a walk around their gardens and giving attendees a little bit of history about their house.

The evening before Moth traps were set up with 46 species of moths having been caught, which are listed below. Everyone enjoyed looking at the moths with some rather colourful species in the traps.

The evening then moved on to the party with Marion Brady and Patricia Byrne looking after the food. The highlight of the evening was of course the desserts, provided by Nicholas Egan & Mick O'Connor.

Many thanks to John and Carol Gibbon for hosting this event.
